Pricing Guide

Each custom cake is priced individually, and according to design. I charge based on the amount of detail involved, cost of ingredients, and the amount of time it will take me to complete the cake. I will be able to provide an estimate when we have discussed certain details. If you have photos of cakes you like I would love to see them, but I never exactly duplicate a cake you've found online. I will need to know which flavors you would like as well; flavor options can be found on my website. Please keep in mind that I specialize in unique, custom cakes, which are generally the focal point of an event.

As per the industry standard, I price per serving.

- Prices start at \$4.50 per serving for custom event and wedding cakes.
- Smash cakes for a first birthday are \$15 for standard decoration to match the main cake.

There is a \$100 minimum charge per order, plus applicable tax and delivery charges. Ultimately, pricing depends on the design.

Cupcake Pricing

Cupcakes are \$25 per dozen for basic flavors, and \$30 per dozen for premium flavor combinations. This includes a buttercream swirl in the colors of your choice, and sprinkles or drizzles. Prices do not include any fondant or chocolate decorations, which will be taken into consideration when pricing. I require a dozen of one flavor to be ordered at a time to ensure freshness, with a minimum of 2 dozen cupcakes per order.

Retainer Information

I require a nonrefundable retainer of 50% of the total at the time of booking in order to hold your date. If a retainer along with the signed contract is not received, you will lose your date and will not receive a cake. A payment can be made in a number of ways: by mail, in person, or online. I accept cash, check and all major credit cards.

Some larger tiered cakes will come equipped with a stainless steel support system. When this system is used the customer will be charged a rental fee plus a \$200 fully refundable deposit, which is refunded when I receive the system back clean and complete. Details of this rental are in the cake contract.

Payment Information

The remaining balance after retainer is due in full, 2 weeks prior to the event. There are no exceptions. In the rare event that a cake is booked last minute and due within the two-week window, payment is required in full at the time of booking no later than 5 days prior to the event. For last minute orders, a 25% rush fee will be applied to the total.

Setup & Delivery

There is a \$50 delivery & setup fee within Lafayette city limits. For cakes up to two tiers, you have the option of delivery or pickup. Smash cakes do not count as a tier. Delivery is always available elsewhere as well. I charge the \$50 delivery and setup fee as listed above plus \$30 per hour.

Delivery is mandatory on wedding cakes, topsy turvy cakes, cakes larger than 2 tiers, or any cake which will require any sort of on site assembly. *NO exceptions.*

Wedding Cake Pricing

Designing your custom wedding cake with Bake My Day Acadiana will be a personal, fun and relaxing experience. Wedding cakes start at \$4.50 per serving for basic textured buttercream. Handmade sugar flowers are priced depending on flower type and size of the bouquet. Sugar lace, scrollwork, piping, draping, custom toppers, and premium flavor options are examples of details that will increase the price.

Consultations and Tastings

We will schedule either a tasting or a consultation for each wedding or large event over 100 servings. During this time we will discuss design details, theme, and all aspects of how I can create your dream cake. Please come prepared with a budget and your vision. Bring photos, magazine clippings, fabric swatches or anything else we may use for inspiration. One thing that sets Bake My Day Acadiana apart from other bakers is each cake is truly custom made for you; I will not exactly re-create any other cake. If you would like a tasting, it will be scheduled free of charge. You will have an opportunity to sample cake flavors paired with coffee or tea. During this time we will also discuss all the design aspects of your cake, so come prepared with all the information outlined above. Please plan on around 60-90 minutes for a tasting.

During the consultation or tasting we will review and sign the contract, and discuss a final price and payment options. I will also require the 50% non-refundable retainer or full payment at this time.
